

RSTUDIO CLOUD

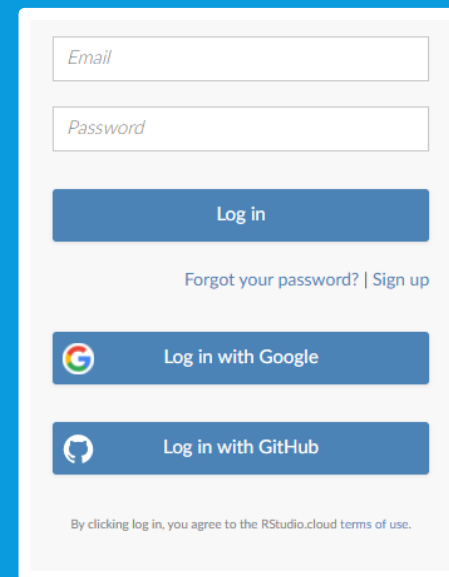

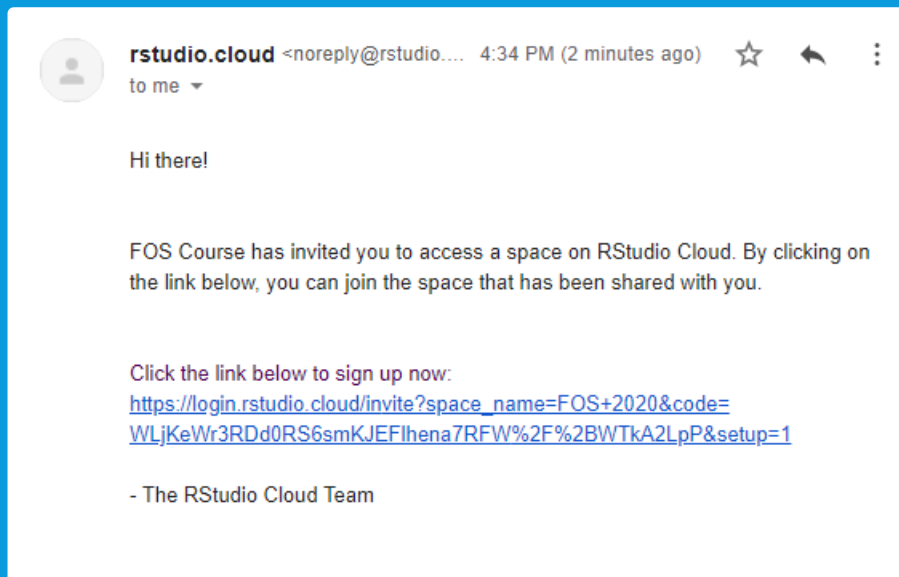

Lucy Sinke - I.j.sinke@lumc.nl

WHAT IS RSTUDIO CLOUD?

- Online workspace for RStudio Projects
- All students have the same workspace
- Much less time debugging and more time spent learning

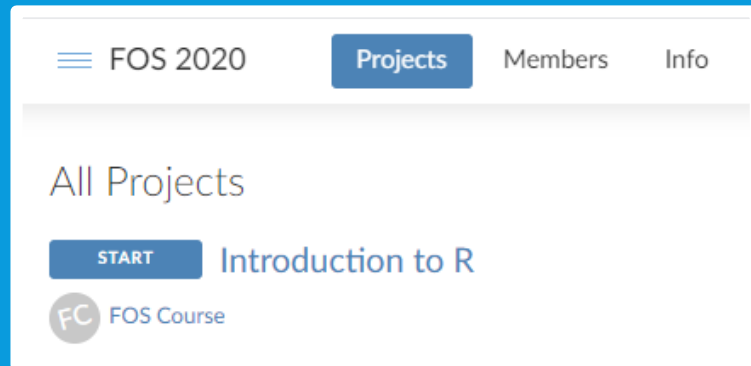

HOW TO LOG ON

- Should have been sent a link by email
- Create an account to access the course (or link to Google or GitHub)

NAVIGATING THE CLOUD

- Each section of the FOS course is an Assignment
- Click the project title to start

INSIDE ASSIGNMENTS

- Lecture Slides
 - Practical Instructions
 - Practical Setup – always run first to load packages and data
 - Practical Outline – an R Markdown document to get you started
-
- Two folders: /data and /source

GIVING IN WORK

- Knit your R Markdown document
- Save locally and hand in
